### YARRELLTON ROAD CONTRACT IS LET

#### PRICE DANIEL ARMISTICE DAY SPEAKER FOR LEGION

More than 500 Legionnaires from Cameron and the surrounding area, together with their families and friends, are expected to be in attendance at the Armistice Day dinner, at Yoe high school gymnasium here Monday, November 11, to hear Price Daniel, of Liberty, Attorney General-elect, make the principal address to the Legionnaires and their guests.

The dinner, an annual affair of Edwin Hardy Post No. 9, will begin the Armistice Day festivities, and besides featuring the traditional turkey with all the trimmings, will be interspersed with music and entertainment, as well as short talks by other Legionnaires.

With all committees for the day laboring under full steam, every indication points to a record celebration for the local post.

Post Commander Joe Richter has reported that the entertainment committee promises an enjoyable hour at the dinner, which is to be held at 1 o'clock.

Climaxing the days' activities, will be the Armistice Dance at National Hall, in the evening. Chairman of the dance committee, Walter Plocek, has announced that his committee has secured Joe Martinez and his orchestra from Austin, to furnish the dance music. This committee also promises that necessary steps and precautions have been taken to assure a most enjoyable evening for the dancers and spectators alike. A capacity crowd is expected.

Newly-elected officers of the post are now assuming their duties and every effort will be used to build up the membership and to work to a goal of accomplishment during the term of the 1946-47 officers.

#### Presbyterian Church To Have Legionnaires For Armistice Sermon

E. O. Harrell, minister, will preach the Armistice Day sermon to local Legionnaires at First Presbyterian church Sunday morning.

Selection of the church was made at the regular meeting of Edwin Hardy Post No. 9 Tuesday night, and is in keeping with the annual practice of the local legion group attending a church in a body on the Sunday before Armistice Day. The churches are rotated with each Cameron church being selected in their order.

Post Commander Joe Richter has asked that all Legionnaires assemble at the Cameron Hotel at 10:30 Sunday morning. Visiting Legionnaires are invited to join the local group in this observance.

## Poultry Show Dates November 22 & 23

Cameron's Chamber of Commerce-sponsored poultry show will be held on Friday and Saturday, November 22 and 23, it was disclosed here Wednesday by Mrs. Minnie Nell Lewis, secretary.

The Agricultural Committee met Tuesday night to make final plans for the show.

For the first time in the memory of veterans poultry will be displayed in coops that belong to the Chamber. The committee recently took up cash to buy 200 coops and they will be available for future shows.

A portion of the building occupied by the storage garage at the McLane Company will be used for the show.

Bill Arthur, teacher of vocational agriculture, will arrange the exhibits. It was pointed out that all birds to be shown must be in the exhibit building by November 21.

The committee will meet next week to make up the list of prizes.

#### To Visit Local Lodge

BARNEY W. CARROLL

Barney W. Carroll, Grand Chancellor of the Knights of Pythias of Texas will visit the local Lodge on Monday night, November 11. This will be an open meeting for members and their wives. Refreshments will be served and all members are urged to be present.

#### M. G. COX IS NAMED TEMPORARY CO. JUDGE

M. G. Cox, widely known attorney, was named temporary county judge early Friday by the Bar Association to act in the absence of Judge Jeff T. Kemp, who is critically ill in the Cameron Hospital.

Judge Cox was the unanimous choice of the Bar members as the session was convened by Bill Wallace, president, in an early morning session in the county court room.

Under the conditions now obtaining a judge must act on matters before the court, both civil and criminal. Judge Cox will not preside over the sessions of the Commissioners but will act in a judicial capacity only.

Judge Kemp has been and continues gravely ill at the hospital and the appointment of Judge Cox is expedient only to carry on the work during Judge Kemp's absence.

#### Dr. Lewis Ill And Will Not Visit Here November 12 and 13

Dr. M. Y. Lewis of Lampassas, who has been visiting Cameron and patients in this section, is ill, and will not be able to visit here on November 12 and 13 as advertised.

Mr. Lewis said that he would reschedule his visit here and requested publication of this notice in order that his patients may know the reason why he cannot be here.

#### TOTAL COST INVOLVES \$101,938 EXPENDITURE

Contract for construction of the highway from Splawn to Yarrellton has been awarded to Thomas & Rattliff of Rogers, it was disclosed in a letter from Senator Kyle Vick of Waco and received by The Herald Saturday.

At the first letting in Austin the Highway Department did not receive a bid on this proposed road way but at the hearing recently a bid was received and the contract has finally been approved and awarded.

It was estimated that the work would begin soon. This will be the first of a series of such roads classified as farm-to-market and highways in Central Texas counties. The original allocation of funds for this project was \$63,000 but additional costs ran the total to \$101,938.

Senator Vick, responding to requests here made a trip to Austin and obtained permission from the Highway Department to get the proposal re-submitted. Senator Vick worked with interested citizens in the Yarrellton and Marak communities and the awarding of the contract brings to a new total the many things that the senator has been instrumental in getting for this county, one of them the great \$500,000 causeway across Little River bottom at Cameron.

## Yoemen Take on Tigers

Conference football play will be resumed in Cameron Friday night, November 8, when the Belton Tigers keep their scheduled date with the Yoemen.

The Yoemen have beaten the Tigers three years in a row and there is nothing in the picture to say they won't do the same thing this year but football can be anybody's guess and it is certain that the Tigers have one good game in their system this year and they are apt to let the Yoemen have it.

The game will be played under home coming auspices for the high school alumni will be here for their second annual meeting. The game will climax a day of activities with the graduates of the school and a special section has been reserved.

The conference race is tied between Cameron and Rosebud. If the Yoemen win over Belton they still must face the Black Panthers and when the game is called here on November 15 the outcome of the play will decide the conference race.

Rosebud got a tie with Killen in the mud Monday night. The Panthers are featuring a passing game and that is dangerous at all times. The Yoemen were going about their work with that overlook-nothing attitude.

Coach Leo Jackson said they would be ready Friday night. They did not play last week. The weather forecast is for clear and the field should be fast.

#### Yes, It's True; Sweet Potato With Handle Of Steel at The Herald

Milam's magic soil has many growing feats to its credit but here's a new one.

A sweet potato with a steel handle grown in the field of Henry Hefti at Maysfield. The sweet potato is on display at The Herald.

A hasp from an old single tree, long since lost in the soil. The potato in early growth pushed up between the ends of the hasp which now forms a perfect handle, basket style, for the potato.

Mr. Hefti's potato crop this year is good.

### LEGION ASKS STORES TO CLOSE ARMISTICE DAY

A committee of Legionnaires will call on all business houses in Cameron Thursday morning in an effort to have all places close all day Monday, Armistice Day.

This action was unanimously agreed upon at the regular meeting of Edwin Hardy Post No. 9 last night, after reports indicated that the majority of the merchants preferred closing all day rather than at noon as was originally asked.

Cards have been printed stating that the establishment will be closed all day Armistice Day, Monday, Nov. 11, and merchants will be given these cards when they agree to the request.

Legionnaires and the public in general seem to agree that this anniversary of the signing of the armistice on November 11, 1918, should continue to be observed as it was for many years, and they feel that employees should have the day to observe as they see fit.

Local Legionnaires will observe the day with their annual dinner at 1:00 p. m. at the high school gymnasium, and will conclude the day with a dance at National Hall. The public is invited to participate with the veterans in these activities.

Tickets for the dinner may be purchased from any Legionnaire and tickets for the dance may be secured at the hall.

#### Poppy Sales Will Be Conducted Saturday And Armistice Day

Poppies will be on sale in Cameron all day Saturday and Monday, Armistice Day.

Sponsored by Edwin Hardy Post No. 9, American Legion, the Armistice Day Poppy Sale has been an annual event for years. Proceeds from the sale of poppies go to disabled war veterans, who also earn small change by making the poppies while they are confined or convalescing in the veterans and government hospitals.

Ralph Michalka, poppy chairman has announced that school girls will assist in the sale and that no one receives pay for their work in this worthy cause.

There are no price tags on the poppies — the small tot's penny is as graciously received as the business man's dollar, so for the sake of our disabled veterans, buy a poppy Saturday. You are not asked to buy both days, but the young ladies will be glad to have you do so.

#### Conference Rule Is That Rosebud and Killen Played Tie

The Yoemen went into a tie for the conference title with Rosebud Friday night when the Kangaroos and Panthers played a tie game at Killen.

A new conference rule does not take penetrations into account, it was said here Tuesday. Rosebud made four and Killen three penetrations of the 20-yard line, but the score of 12 to 12 will rule the game a tie and a half game loss for each club. Cameron lost a half game in the tie with Georgetown.

## REPUBLICANS PUT DEMOS OUT OF POWER

### LANDSLIDE VOTE EARLY RETURNS INDICATING

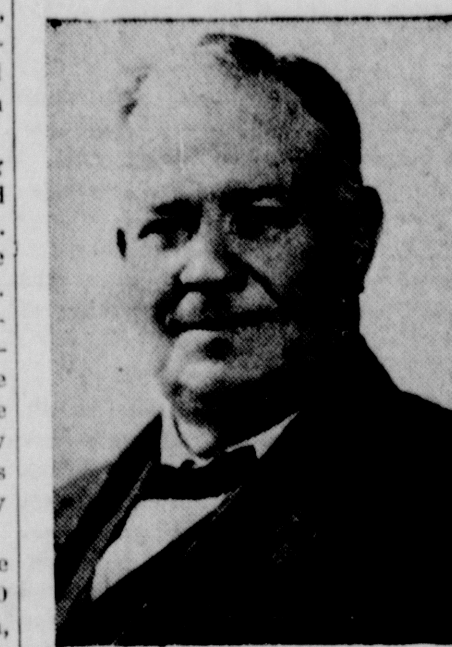

At noon Wednesday election returns from over the nation told clearly the story of Republican victory at the polls on Tuesday.

The Democrats have lost control of both houses of Congress, it was indicated in what commentators said was a landslide victory that penetrated the solid south.

A resurgent Republican party re-elected Thomas E. Dewey as governor of New York in Tuesday's off-year election and evidenced a sweeping comeback in key congressional contests.

## DISTINGUISHED SERVICE MARKS PUBLIC CAREER

### Died Early Sunday

#### CC BUDGET IS WELL UP, CANVAS INCOMPLETE

The budget of the Chamber of Commerce was well up here Friday with the canvas still incomplete.

It was said that the amount of money subscribed is over the 75 per cent which was the figure agreed to if raises in assessments are to be made.

The new rates are to be effective November 1. At the next meeting of the Board of Directors additional names will be distributed and directors will be asked to be responsible for at least 5 to be contacted for subscriptions.

Under the present plans no manager will be employed. The funds will be used for other items such as a fund to be known as industrial and for advertising.

It is especially urged that those who have not as yet contributed do so in order to get the new Chamber of Commerce year under way with better prospects.

Jeff T. Kemp, 77, County Judge of Milam county, died at the Cameron Hospital at 8:30 a. m. Sunday, November 3.

Judge Kemp had been critically ill for about three weeks and was taken to the hospital for special care. For almost a year his health had been poor but he kept at his duties to the people in his office in the court house where he had spent a major portion of his life through years of distinguished public service.

He was born in St. Helena Parish, Louisiana, on March 29, 1869, the son of the late Dempsey Kemp and Martha Taylor Kemp. His father was a pioneer business man in Cameron and operated the mercantile establishment under the firm name of D. Kemp & Bro., the partnership being D. Kemp and M. M. Kemp.

Judge Kemp came to Cameron when he was 12 years of age and obtained his early education in the Cameron public schools. Later he attended Southwestern University in Georgetown.

On December 25, 1894, he was married to Miss Lina Rogers who is the daughter of the late Major J. C. Rogers and Martha Reed Rogers. In the beginning of the Civil War, Major Rogers organized a battalion in Cameron and the men marched away to defend the Confederacy.

Judge Kemp became one of the best known men in Texas and for more than half a century had been a leader and a political figure in Milam county. As a young man in 1891 he took a position as a bookkeeper in the business of his father and uncle, D. Kemp and M. M. Kemp, and continued to work for the firm until 1904 when he was elected County Clerk. He served 14 years as County Clerk, retiring in 1918. As (turn to page six)

## COURT IS CONSIDERING APPOINTMENT OF JUDGE

Members of the Commissioner's Court were in executive session here early Wednesday and it was said that they had under consideration the appointment of a county judge to succeed the late Jeff T. Kemp, who died here Sunday.

The court members adjourned around noon without reaching a decision, it was indicated, although no official announcement was made.

Under the law the court may appoint a judge to serve until January 1 and after that date the court must act again in the appointment for the two-year term. A new court comes into office in January.

The late Judge Kemp's name was on the November 5 ballot. There was no indication whether a write-in by voters would change the results, but it was believed the vast majority of votes were cast for the late judge.

*Set the Pace* in Rural  
Electric Service for 30 Years

STEADY INCREASE YEAR AFTER YEAR

Constant addition of rural electric lines is no new activity with the Texas Power & Light Company, pioneer of rural electrification service in Texas. Way back in 1915, this company began extending its lines to farms and outlying communities. By 1921, we had brought electricity to 6,926 farm and rural families. This number has almost doubled every ten years, as we consistently added more and more lines to serve more and more farm families each year. Today, approximately 7,000 miles of the Company's rural lines alone—serve more than 68,000 farm and rural homes.

Extending electric service to rural areas at first presented many difficulties, among which was the high cost of equipment to make service available to outlying areas. This company's engineers, after years of experience in rural line construction, in 1930 worked out design details and completed construction on the first ridge-pin, common-neutral type of cross-country line, using smaller poles and 300-foot spans of wire. This development and the cooperation of the company's engineers with manufacturers in developing smaller transformers and new type conductors permitting up to 600-foot spans, contributed to more wire-spread rural electrification through lower cost rural construction.

Thanks to the Texas Power & Light Company, rural electrification has steadily increased for 30 years in North, Central and East Texas.

## \$29,000 in Building Permits Are Reported

Building permits in the amount of \$29,000 were reported Wednesday by Mayor A. W. McCullin, in a talk to the Rotary Club while discussing accomplishments of the present administration.

Mayor McCullin said that the figures are made possible because of a recently enacted ordinance requiring permits to be obtained on all construction in the city amounting to \$100 and over.

Mayor McCullin also outlined other activities including improvement of sanitary conditions, policing and the airport.

He said that he was calling a meeting of his advisory board to discuss other improvements, indicating they may include some of the plans projected by the late planning board.

BOYCE HOUSE  
"Gives You Texas"

What this country needs is not a good 5-cent cigar; it's the return of good old 5-cent hamburgers. Can you remember when you got a hamburger, slice of pickle, slice of onion, mustard and a bun—all for a nickel? Now you get a slice of wilted lettuce, a sliver of apologetic tomato, a smear of mayonnaise, a dab of meat, two parched slices of bread and three soggy potato chips—and pay 30 cents!

Senator Taft of Ohio declares the trials of the German war criminals are a disgrace. He says they were tried under an ex post facto law—that we declared the law after the act and not before. Murder has always been against the law. That law does not need to be passed by legislatures nor engrossed on parchment; the Almighty has written it in the conscience of man. No one had told Cain he should not kill his brother but Cain knew it was wrong and his Maker branded him and sent him forth to wander, accursed, through the world. Nobody has ever objected to that as a wrongful punishment—that is, nobody until Senator Taft came along.

Shall we hang a man for the murder of one—and not hang those who were responsible, through concentration camps, slave labor and executions, for the murder of millions?

A hunter popped a pheasant on a hill;

It made a great to do and then was still.

It seems, when later on his game he spied

It was his guide.

And one dispatched a rabbit for his haul

That later proved to measure six feet tall.

And, lest you think I'm handing you a myth,

Its name was Smith.

A cautious man espied a gleam of brown;

Was it a deer, or Jones, a friend from town?

And while he pondered at the river's brim

Jones potted him.

ROSEBUD BEATS KILLEEN  
IN MUD BATTLE MONDAY

KILLEEN, Nov. 4.—A slight drizzle here tonight wasn't enough to dampen the explosive power of two dynamite-loaded backfields, and at the final gun, Rosebud and Killeen were deadlocked in score, 12-12, but Rosebud had led in penetrations, four to three, to take the 31-A district game and hold its lead.

Tommy Anding, Jimmy Litzman, David Sapp and Edward Murff were all potential touchdown getters for Rosebud from the start, but Wayne "Pistol" Arnold always kept Killeen in the ball game clear to the last.

It was Arnold who started the counting when, on the fourth play of the game, he broke through tackle 38 yards for pay dirt. Wesley Redding was stopped on a plunge in a try for the extra point.

But then Rosebud lit the fuse on its T-formation firecracker. Despite a slippery ball the Black Panthers completed four out of five passes, the last being a touchdown toss from Anding to left end Herry Light. Anding tried to hit Light again for the extra point, but it was batted down by Hargrove.

Early in the fourth quarter the Black Panthers smothered Arnold when he tried to kick from his own 30 on fourth down. Then Litzman and Sapp took the ball to the Killeen 10 on running plays, but Rosebud fumbled on the Killeen 10 and Arnold recovered.

Arnold displayed his running talents then when he broke through tackle again, this time for 40 yards. Almost getting loose, he was finally nailed on the 50. A fumble on the next play stopped the Killeen threat and Rosebud took over for its second scoring drive. Anding passed to Murff 28 yards to the Killeen 25. Then Anding, back to pass but unable to find a receiver, ran the ball to the Killeen two. Litzman plunged through for the score. Anding's kick failed.

With less than five minutes remaining, Arnold put Killeen back into the ball game when he found that left tackle hole again, and sprinted 51 yards to score. The deciding plunge for the extra point failed.

Killeen was threatening again when the final gun sounded. Segert, Killeen guard, covered a short kick-off on the Rosebud 40. Arnold and Redding managed to carry the ball inside the Rosebud 15 when the game ended.

Outstanding linemen for Rosebud were Light and John Killgore, center. Murff, Sapp, Litzman and Anding all stood out in the backfield. For Killeen, Hilliard at guard, Rusty Mounce at end and Saegert at guard stood out, and Arnold starred in the backfield.

Statistics: Rosebud completed six out of eight passes for 75 yards; Killeen attempted one, had it intercepted. Rosebud punted five times for a 31-yard average, Killeen punted seven times for a 28-yard average.

Senator Kyle Vick of Waco, was in Cameron Monday to attend the funeral services held for the late Judge Jeff T. Kemp at 4 p.m. at the Methodist church.

Action and Thrills  
Galore in Lively  
Musical Adventure

Adventure, suspense and raw action are all elements in Republic's stirring musical Western, "Under Nevada Skies," starring Roy Rogers, which comes Friday and Saturday to the Milam Theatre.

Action gets under way with the murder of Tom, Craig, owner of the Bear Valley Trading Post. His murderer is unknown and a tough problem is posed for Sheriff Gabby Whitaker, played by George "Gabby" Hayes, lovely singer Helen Williams played by Dale Evans, and Roy Rogers vacationing in town between rodeo engagements.

Singer Helen Williams, who was brought to the town by Tom Craig to sing in his hotel, tells Rogers that Craig was in possession of a highly valuable crest, which is now missing. Rogers and 'Gabby' start on an adventurous chase after the mysterious piece of jewelry.

Their trail leads to suave, ruthless Arthur Courtney, played by Douglas Dumbrille, who wants the crest because it contains the map to a rich deposit of pitchblende. He captures Rogers and Hayes and his henchmen kidnap Helen Williams. But the three manage to find an exciting way to escape from the killers as the story builds to smashing climax.

Roy Rogers explains again why he is among the five most popular actors in America. Lovely Dale Evans scores effectively in her eighteenth role opposite Rogers and George "Gabby" Hayes once again is successful in his own, original characterization. Frank McDonald was director, P. Gangelin and J. B. Cheney wrote the original screen story and Edward J. White was associate producer.

"Wild Beauty" Comes  
To Cameron Saturday

Some of the finest outdoor scenery in the panoramic Southwest will be seen in "Wild Beauty," coming Saturday to the Cameron Theatre.

Exterior scenes of the Universal picture, which features Don Porter, Lois Collier, Jacqueline de Wit, George Cleveland and the stallion, "Wild Beauty," were shot on location in Arizona, and at Red Rock Canyon in the Mohave desert.

The company, headed by Director-Producer Wallace W. Fox, braved the heat of the desert during the peak of summer in order that film cameras could capture the epic sweep of the plains.

Camping out in makeshift quarters, the cast and crew got a direct "taste" of primitive living as delineated in the motion picture, the story of which is laid on an Indian reservation in the pre-statehood days of Arizona.

Riding horseback in the open country was a new experience for Miss Collier and Miss de Wit, but not for masculine members of the cast, especially Porter and Robert "Buzzy" Henry.

Porter was born and reared on an Oklahoma ranch, while young Henry, only 13 and part Cherokee, has been a magnificent horseman almost from infancy.

Neither Miss Collier nor Miss de Wit had ridden in a stage coach until they had the experience in "Wild Beauty," although the latter's forbears used that means of transportation to come to California in the fabulous Gold Rush days.

SMALL TOWN INDUSTRIAL  
OPPORTUNITIES STRESSED

Industrial opportunities in the smaller towns need to be publicized and the means of conveying information to commercial interests over the state and nation are available, it was disclosed in a meeting held in Waco Friday.

J. Albert Young, manager of the Texas Power & Light company, Woodrow Lowe and L. Van Perkins, directors in the Chamber of Commerce here, were in Waco Friday to hear John Guild, manager of the Industrial Research Division of the East Texas Chamber of Commerce.

Mr. Guild pointed out a very fine emphasis of industrial opportunities in Texas which was recently given wide publicity by the Texas Power & Light company in a booklet entitled "Texas Opportunities."

The power company through its president, John W. Carpenter, recently compiled this book. The company called upon its managers to make a survey in their communities with the view of listing industries that are typical to show successful operations. Mr. Young obtained a photo of the Cameron Cotton Oil Mill, one of the R. L. Batte industries, and the photo is prominently displayed in the book.

This booklet was distributed to 7000 industrialists over the county.

Mr. Guild told the meeting that the East Texas Chamber of Commerce will supervise the distribution of books published on opportunities from the various towns in the area. He said that unless the communities published these booklets to let the world know of the opportunities in these cities their advantages cannot properly be advertised.

In this connection it is important to note that the Cameron Chamber of Commerce should proceed at once to issue an illustrated booklet and some work has already been done along this line.

At the meeting in Waco a number of cities were represented, including Temple, Cameron, McGregor, Hillsboro and Waco.

Coins originating in the U. S. mint at Philadelphia have no mark that indicates their point of manufacture.

Alfons Kocurek has returned from a trip to Albuquerque, New Mexico, the Carlsbad Caverns and Juarez.

Eduard Rischar, M.D., F.A.C.S., was graduated from Keokuk, Medical College, College of Physicians and Surgeons, Iowa, in 1900. Served his internship in Policlinic-Post Graduate School of Medicine and Surgery in Chicago, Illinois, and was assistant in Clinics for six years. Was instructor of Operative Surgery up to 1914 when he came to Cameron, Texas, and associated with Dr. W. R. Newton, Sr. in opening the Cameron Hospital on January 5, 1914. Was co-owner of the institution until 1940, at which time he acquired full ownership. He was made a Fellow of the American College of Surgeons on November 1, 1935. He is a member of American Medical Association, the Chicago Medical Society, also Texas and Milam County Medical Society.

Dr. Rischar has been a very extensive world traveler, visiting fifteen different countries. During these travels he visited clinics and studied while abroad.

The purpose of the donation of the hospital is to perpetuate and to further the best possible hospitalization for the people of Milam county and surrounding territories.

Dr. Rischar will continue his practice of surgery and maintain his offices in the hospital.

He takes this opportunity of expressing his sincere appreciation to the doctors, nurses, all the public and friends who contributed in any way to the success of the hospital, and hopes the public will cooperate in the same way with the Sisters.

Dr. Eduard Rischar has donated to the Sisters of Charity of the Incarnate Word, of the diocese of Galveston, the Cameron Hospital which he has operated since 1914.

In making this generous gift to the Sisters of Charity, Dr. Rischar was motivated by the desire to perpetuate the work of his hospital for the benefit of the people of Cameron and the surrounding localities.

The Sisters of Charity accepted the gift in the same spirit, happy to have the opportunity to serve Christ in the persons of the sick and suffering in this new field.

The Congregation of the Sisters of Charity of the Incarnate Word was founded in September 1866 in France by Bishop Claude Marie Dubuis, second Bishop of Galveston.

Being in great need of religious women to care for the sick in his diocese, which then comprised the whole State of Texas, he returned to his native France for the purpose of securing them. Having failed in his efforts to find a community which would sponsor a branch house so far away, he determined to found a nursing community of Sisters himself.

He asked among the religious women of France for volunteers. Three Sisters from the Hospital of Antiquaille, Lyons, offered themselves.

Bishop Dubuis sent these Sisters to the Monastery of the Incarnate Word and Blessed Sacrament in Lyons to receive preliminary instructions, for teaching Sisters had been sent from this monastery to Texas in 1853.

In September 1866 the three Sisters, in company with twenty-eight missionaries, left Le Havre for Texas.

On their arrival in Galveston the Sisters began immediately their plans for the construction of a convent and hospital.

Their first foundation was St. Mary's Infirmary, Galveston. This is the oldest general hospital in Texas, being now in its eightieth year of operation.

The first orphanage was founded in Galveston to care for the children of the Yellow Fever victims in 1867, an epidemic which took the life of one of the three Sisters.

The Motherhouse of the Congregation is located at Villa de Matel, Houston, Texas. The Mother General and her Council reside here and they direct the affairs of the branch houses.

These houses in the order of their foundation are: St. Mary's Infirmary and St. Mary's Orphanage, Galveston; St. Joseph's Infirmary, Houston; Santa Fe Hospital, Temple, Texas; Hotel Dieu, Beaumont, Texas; St. Anthony's Home, Houston, Texas; St. Patrick's Hospital, Lake Charles, Louisiana; Schumpert Sanitarium, Shreveport, Louisiana; Michael Meagher Memorial Hospital, Texarkana, Arkansas; St. Joseph's Home, Pineville, Louisiana; St. Mary's Hospital, Long Beach, California; St. Mary's Home, Lafayette, Louisiana; Villa de Matel, Houston, Texas; St. Mary's Hospital, Gates Memorial, Port Arthur, Texas; St. Bernardine's Hospital, San Bernardino, California; and St. Therese Hospital, Beaumont, Texas.

The new hospital is to be known as St. Edward Hospital, Rischar Memorial.

### CHRISTIAN SCIENCE SERVICES

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 10.

The Golden Text is: "If by one man's offence death reigned by one; much more they which receive abundance of grace and of the gift of righteousness shall reign in life by one, Jesus Christ" (Romans 5:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For as by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous" (Romans 5:19).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and

Health with Key to the Scriptures" by Mary Baker Eddy: "The harmony and immortality of man are intact. We should look away from the opposite supposition that man is created materially, and turn our gaze to the spiritual record of creation, to that which should be engraved on the understanding and heart 'with the point of a diamond' and the pen of an angel" (page 521).

## YOEMEN PREPPING FOR BELTON GAME FRIDAY

The Yoemen began work here Monday under chill gray skies for their game in Cameron Friday night against the Belton Tigers.

The team of Coach Leo Jackson by reason of their defeat of Taylor and Killeen have fought their way to prospects of becoming conference champions for the first time in 10 years. The boys are not thinking of the future beyond their next two hard games for they must now dispose of Belton and meet the Rosebud Black Pathners, conference leaders.

Coach Jackson says his Yoemen are "hitting the ball" in real determination to live up to expectations now that their record had catapulted them into the spotlight.

## Let's Talk Agriculture

BY BILL ARTHUR

With the molting season about over a poultryman should begin getting his laying flock ready for a long period of production. Hens should be fed rather liberally while molting so that they will come into production faster. We make the mistake very often of not feeding hens while they are molting, and as a result they molt longer and lay fewer eggs after molting.

Hens weighing 5 lbs. on an average, and in 60% production will eat 30 lbs. of mash and grain daily per hundred hens. To step the production up to 70% the same hens will consume 32 lbs. of feed daily.

If the production is increased 10% that is equal to about 40 cents more in eggs daily and two pounds of feed that will cost about 9 cents.

The greater the consumption of feed the greater our profits will be, because the egg production goes up as they get more feed. Eggs are very profitable at the present time and locally the production could be stepped up considerably.

## JUDGE KEMP

(continued from page one)

in the office of County Judge he served with distinction in the Clerk's office. In 1919 he was appointed postmaster in Cameron and served by appointment of the late President Woodrow Wilson. In 1921 he left the office of the postmaster and when the late Judge Graham Gillis resigned as County Judge to take up the practice of law, Judge Kemp was named by the Commissioner's Court to that office and on February 1, 1922 became County Judge. Members of the Commissioner's Court who made the appointment were Henry Reeves, Henry Moore, O. K. Phillips and N. H. Butts.

He was successively returned to office each two years since 1922 and was the Democratic nominee without opposition in the 1946 primaries. His name was on the November 5th ballot for the general election, to begin a new two-year term on January 1, 1947. In all he had served 24 years as county judge and 14 years as county clerk, a record of 38 years in public office.

Judge Kemp was a staunch Democrat and one of his earliest and most notable services to the party was chairman of the Democrats supporting the late James Stephen Hogg for Governor in the primaries of 1892 over 54 years ago.

Early in his young life he became a member of the Methodist church in Cameron and had served as a member of the Board of Stewards for 56 years.

At 21 years of age he was made a Mason and continued active in the Masonic fraternity until the time of his death. He was a member of the Karem Chapter of the Shriners in Waco, was a charter member of the Knights of Pythias Lodge No. 125 in Cameron. He was also a member of the Woodmen of the World and Independent Order of Odd Fellows. As an active fraternalist he had attended nearly every session of the grand lodge of all the lodges of which he was a member.

Judge Kemp was a man of sterling character, friendly and was the best loved of all the men who had been

active in politics in the entire history of the county. He was never defeated for office but once and that was in his first attempt at politics as a very young man many years ago.

His interest and help to Confederate Veterans and their widows and later his assistance to the aged people who came in for grants under the Old Age pension law, are among the notable services he rendered out of a generous regard for his friends. As judge of the court his decisions were tempered with mercy but firmness ruled him when occasion demanded. Judge Kemp was always alert to the administrative demands of his office that resulted in bringing to the county a standard of credit exceeded by none in Texas and other recognitions that brought to him and the court the recommendation of research and government commenting agencies over the South.

Surviving are his widow, Mrs. Lina Rogers Kemp; two children, Thompson Kemp of Dublin and Mrs. Ruth Kemp Brown of Alexandria, Virginia. Two brothers and two sisters survive as follows: D. M. Kemp of Cameron and L. W. Kemp, widely known historian of Houston; Mrs. F. L. Adams of Cameron and Houston; and Mrs. Lucille Byrom of Houston.

Funeral services were held at 4 p.m., Monday, November 4 at First Methodist church in Cameron, with Rev. K. R. Isbell, pastor, conducting, assisted by Dr. Glenn Flinn of Dallas.

## BRITISH CHARGED WITH CRUELITIES IN PALESTINE

Armed British soldiers are trying to break the spirit of the Jews in Palestine, but they will never succeed, Morris Catchman of Dallas, has charged.

Mr. Catchman, who has just returned from a business trip to Palestine, said he observed brutalities and aimless herding of Jews into prison camps.

"I want to raise my voice in protest to the way British soldiers are treating the Jews," Mr. Catchman said. "The people of Tel Aviv are terrorized by the soldiers who are crippling business and trying to crush the spirit of the Jews."

The bombing of the King David hotel and other raids by an organized group were made in protest to a British ruling that no more Jews would be permitted entry to the country until later, he said. Most of the raiders are children of the Jews who attempted to gain entry but were turned back at the port, Mr. Catchman said.

"I strenuously object to those people being arrested and confined to prison without charges being filed," he continued. "The British do it on the pretense of looking for the raiders. There are approximately 2000 civilians being held in prison camps now and not a one of them has had charges filed against him."

The British clamp a curfew on an entire city every time there is any violent protest by the raiders, he said. "You actually have to run for your life when there is a curfew announced," Mr. Catchman said. "If a person doesn't get to his home by the time the soldiers arrive they are beaten with sticks and sometimes thrown into prison."

"Britain is trying its damndest to depress the Jews. I don't think Britain can rob them of their spirit. But I wish there was something we could do to bring Britain to its senses and make them leave those poor people in Palestine alone."

Mr. Catchman has just returned from Palestine where he established a factory to manufacture mattresses and couches in Tel Aviv, the only all-Jewish city in the world. Max Horwitz of Beaumont has been put in charge of the plant.

The Palestine factory is a branch of the Superior Furniture Manufacturing company in Houston. Mr. Catchman is president of the company.

Palestine is experiencing a "marked depression" in its business because of the frequent British curfews, Mr. Catchman said.

"It's not like it was last year when the British soldiers were going with the Jewish girls," he added. "Now there is a regulation which prohibits fraternization."

Although Mr. Catchman planned on using Texas cotton in the manufacture of his products, British authorities required him to take cotton from Egypt. He termed that another act of "British imperialistic policy."

**Who Gets Off Easiest—Men or Women?**  
Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.  
It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).  
Of course, none of it goes very deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.  
From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

## MEMBERSHIP INCREASE GOAL OF LEGIONNAIRES

Admonishing Legionnaires to put forth every effort to increase their membership, Texas Department Commander Bert Giesecke addressed the 11th District's fall convention in Waco Sunday afternoon.

The convention was well attended with some 150 delegates present at the morning session and about 100 for the afternoon session.

Emmett Streetman, 11th District Commander presided over both sessions. Delegates from the Legion Auxiliary met with the Legionnaires at the morning session and returned from their meeting for the Department Commanders' address in the afternoon.

Bob Sullivan, past commander of Waco post 121, welcomed the Legionnaires and the Auxiliary delegates and urged that both bodies put forth extra efforts to keep America for Americans.

District President Mrs. Sidney Lynn of Rosebud, addressed the joint meeting briefly and introduced the Department President of the Auxiliary who also urged that the membership be given special attention.

A goal of 200,000 members was set for the 11th District and District Commander Streetman urged that all posts support the Department Commander's request for special attention to increasing the membership by contacting World War II vets.

Principal action of the resolutions committee was a protest of the proposed 200-bed veterans hospital to be built at Marlin. Action on the resolution was that every congressman and senator of the state be requested to oppose the project.

The spring convention of the District will be held in May at Waco with Posts 121 and 440 again joining forces to act as hosts.

## Hallowe'en Pranks Are Mild Compared to Old Days; Kids Have Fun

Hallowed Eve of All Saints, traditional and mythological annual celebration sent the youngsters of the city out Thursday evening in a colorful parade and pranks.

If you had a rock slammed against your front door from a speeding automobile in the wee hours of the night you jumped up to find out if the roof had caved in or you crashed a few road blocks trying to get home, it was just the kids having fun.

Why, right here in Cameron, many of the older boys who have reached the golf age, can remember when it was nothing at all to find a cultivator atop the church steeple and privies scattered about like pins in a bowling alley.

So far as known no damage was done and the kids, especially the little ones, under escort, had the time of their lives.

## TEXAS SCHOOL LEAGUE TO SPONSOR BASEBALL

The Texas interscholastic League will sponsor baseball beginning in April 1947, it was disclosed in a long distance telephone message to The Daily Herald by W. T. Hanes, Superintendent of Cameron Schools, early Saturday.

Mr. Hanes was in Austin attending a meeting of the Advisory Committee on baseball, of which he is Chairman. The committee was convened in Austin by Mr. Hanes and their recommendation was unanimous that the Interscholastic League authorize baseball as a part of school activities in Texas. The league adopted the report of the committee and will shortly announce the regulations.

Mr. Hanes said that baseball will be played in districts the same as football.

The baseball season will open on April 20 and close on July 4.

Mr. Hanes said that the committee of which he is chairman has had the matter under advisement for some time. The addition of baseball will give the schools a better balanced athletic program.

Mr. and Mrs. A. L. Jistel and daughters, Bernice and Evelyn, and sons, Billy and Clarence, spent Saturday in Temple.

## Navy Citation Awarded Curtis Doyle Phipps, Who Served on Carrier

Curtis Doyle Phipps, Y3c, United States Navy, who served 18 months in the Pacific theatre of the war, has been given a citation by the Secretary of the Navy for the President of the United States.

Phipps served aboard the Essex, a carrier. He is the son of Mr. and Mrs. Clay Phipps of Maysfield and husband of Leona Senkel Phipps and lives in Cameron, being employed at the present time with the Leo O'Neill service station.

Phipps left his ship in 1944 and attended V-12 school at the University of Texas after returning from sea duty. He is entitled to wear an overseas naval ribbon with eight battle stars for 18 months on duty with the fleet.

The citation reads as follows:

"For extraordinary heroism in action against enemy Japanese forces in the air, ashore and afloat in the Pacific War Area from August 31, 1943, to August 15, 1945. Spearheading the concentrated carrier-warfare in forward areas, the ESSEX and her air groups struck crushing blows toward annihilating Japanese fighting power; they provided air cover for our amphibious forces; they fiercely countered the enemy's aerial attacks and destroyed his planes; and they inflicted terrific losses on the Japanese in Fleet and Merchant marines units sunk or damaged. Daring and dependable in combat, the ESSEX and her gallant officers and men rendered loyal service in achieving the ultimate defeat of the Japanese Empire."

"I wish to give this warning, that we will file charges and prosecute anyone our efforts may apprehend for breaking into the Legion Hut in Wilson-Ledbetter Park. For some time persons as yet unknown have been guilty of thus violating the law in breaking into the Legion Hut. Members of the Legion have asked me to concentrate on this case and while we have made every effort to arrest the guilty parties we are redoubling our work and I am issuing this warning in the hope this violation will cease," concluded Mr. Black.
